

NOTICE OF FILING DIRECTOR'S REPORT OF LATE CLAIMS FOR WATER RIGHTS

MAY 28 2026

BASINS 91 and 95

By _____
Deputy Clerk

Spring 2026

The Director of the Idaho Department of Water Resources ("IDWR") has filed with the Idaho Water Adjudications ("IWA") District Court a Director's Report of Late Claims for water rights in IDWR Basins 91 and 95. Director's Reports for these basins have previously been filed with the IWA Court. This filing is for claims that were not included in the original Director's Reports for these basins. The Director's Report of Late Claims contains the Director's recommendation to the IWA Court as to how your water right, claimed under state law, should be decreed in the Coeur d'Alene-Spokane River Basin Adjudication ("CSRBA").

Why am I getting this mailing?

You have received this mailing because you filed one or more late water right claims in the CSRBA. This mailing contains the Director's recommendation to the IWA Court of your claim(s). Your mailing does not contain the Director's recommendations of any claims other than your own. You may wish to review the Director's recommendations of other late claims – if any – in your basin. To do this, you need to review a complete copy of the Director's Report of Late Claims.

A complete copy of the Director's Report of Late Claims is available at the IWA courthouse in Twin Falls and at the locations listed at the end of this notice. Copies of the report can be made, but you may be charged for copying and mailing. A copy of the Director's Report, a map of the reporting areas, and other information pertaining to the CSRBA, can be accessed on IDWR's website at www.idwr.idaho.gov/water-rights/adjudication.

You may also need to review future Director's Reports. Claims in which you have an interest may be reported in them. You will not receive notice of these future reports as they are filed with the IWA Court unless you have water right claims that are being recommended at that time. Therefore, if you are interested in the status of water rights belonging to other people that have not yet been reported by IDWR, you should check periodically with the Court's docket sheet (see Note on page 3 of this notice for docket sheet information) or the CSRBA website at: www.csrba.idaho.gov.CSRBA1.HTM for the filing of future reports.

INSTRUCTIONS FOR REVIEWING YOUR OWN WATER RIGHT

The description of your right, which is enclosed, is only the Director's *recommendation* to the IWA Court on your water right. The Court will decide how it will decree your water right. You are free to agree or disagree with the Director's recommendation. If you agree with the Director's recommendation, you do not need to do anything, pending further notice as described below. If you disagree with the Director's recommendation, you need to file an objection as described below.

What do I do if I want to participate in the court case on someone else's water right?

If you want to be involved in the court case on any late water right claim now being reported, you must file either an objection or a response by the dates listed above.

What happens if there are no objections to a water right?

Should the deadline for filing objections and responses to your water right pass, with no objections or responses filed, the IWA Court will hear the uncontested recommendation on **Tuesday, October 20, 2026 at 1:30 p.m. (Pacific)**, at the IWA courthouse. Interested parties may attend the hearings at the IWA courthouse, via Zoom, or over the phone. See the "Remote Access Information" on the IWA court website for instructions to connect. The IWA Court will issue partial decrees following this hearing.

How will I know about the proceedings on water right recommendations to which objections were filed?

A notice will be mailed to you for court dates on your water right or for those where you filed an objection or a response. You will not receive notice of court dates for any other water right recommendations.

Additional information regarding water right claims can be found on the CSRBA website at: www.csrba.idaho.gov/CSRBA1.HTM.

Note: The IWA Court publishes a monthly Docket Sheet listing all objections and responses filed, as well as when Director's Reports are filed. It does not list court dates for individual water right cases but provides general information helpful to all participants in the CSRBA.

The Docket Sheet is available at your county courthouse and all IDWR offices, or you may subscribe by contacting the IWA Court or IDWR. The annual subscription fee is \$7.50. The Docket Sheet is also available on the CSRBA website at: www.csrba.idaho.gov/CSRBA1.HTM.

The register of actions for each water right claim can be found on the CSRBA web site at: www.csrba.idaho.gov/CSRBA1.HTM. The register of actions includes links for viewing and/or downloading the documents identified in the register of actions.

IMPORTANT INFORMATION REGARDING GENERAL PROVISIONS

General provisions are those parts of the IWA Court's decree that apply to all the water rights in a basin, or to classes of similarly situated water rights within a basin. IDWR recommends to the IWA Court the general provisions it believes should be decreed when it files with the Court its initial Director's Report for each basin. At that time, any party may object to the general provisions recommended for that basin. You may obtain a copy of the general
